Title: NON-WOVEN ADHESIVE TAPE FOR THE MANUFACTURING
OF A DIAPER CLOSURE SYSTEM

REQUEST FOR RECONSIDERATION**BOX PCT**Commissioner for Patents

I hereby certify that this correspondence is being deposited with the United States Postal Service as First Class Mail in an envelope addressed to: Commissioner for Patents, Washington, DC 20231 on:

Date

Signed by: Cheryl L. Schmitz

Dear Sir:

This is in response to the Decision on Petition mailed February 14, 2003.

Regarding requirement (2), there is now the explicit statement requested.

Regarding requirement (3), attached is the copy of the master docket for all items received from the U.S. Patent and Trademark Office where the non-received Office Action would have been entered. As the master docket is also sortable by case number and attorney, it is submitted that the previously submitted docket record for this specific case obtained from the master docket already met this requirement. If an Office Action would have been received relative to this case, it would have been entered in the master docket with this case number and the case specific printout of all docketable items received relative to this case would have

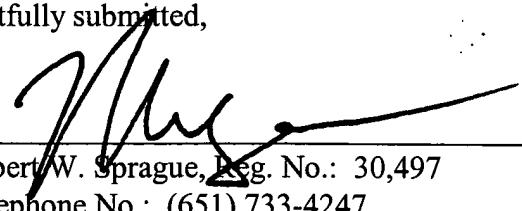

included the item, but it did not. The master docket (included herein) of all items received from the U.S. Patent and Trademark Office from June 20, 2001 to July 14, 2001 also indicates no notification to file missing parts due on or around August 27, 2001 relative to the instant case.

Applicants respectfully request reconsideration of this application.

Respectfully submitted,

AFFIDAVIT OF CHERYL L. SCHMITZ IN SUPPORT OF PETITION TO REVIVE
UNAVOIDABLY ABANDONED APPLICATION

State of Minnesota)
)
) ss.
County of Ramsey)

I, Cheryl L. Schmitz, of New Richmond, Wisconsin, being duly sworn, depose and say as follows:

1. My present position with the Office of Intellectual Property Counsel (OIPC), 3M Innovative Properties Company, is Senior Intellectual Property Assistant I. I have been in this position for 5 1/2 years. I have worked in the area of intellectual property for a total of 17 years.

2. In the normal course of my daily routine, I go into the mailroom twice daily to pick up the mail. I review the mail for any incoming docketed items and note the due date. I then locate the proper corresponding file.

3. After a file is located, I then indicate the type of correspondence received from the Patent and Trademark Office on the front cover of 3M's prosecution file, as well as the date the correspondence was mailed. A copy of the front of the prosecution file jacket is attached for U.S. Serial No. 09/856,416.

4. I review the attorney docket on a daily basis and double check all dates with the master attorney docket. In my years of experience, I did not think it unusual not to receive any communication from the Patent and Trademark Office in this time frame due to previous backlogs indicated at the Patent and Trademark Office. After an extensive search of the file jacket and file for this application, as well as a review of the docket record, a Notice to File Missing Parts was never indicated as being received corresponding to this application. The first communication from the Patent and Trademark Office with respect to this application was the Notice of Abandonment mailed November 22, 2002.

Further Affiant sayeth not.

Title: NON-WOVEN ADHESIVE TAPE FOR THE MANUFACTURING
OF A DIAPER CLOSURE SYSTEM

**AFFIDAVIT OF SANDRA R. DICKMAN IN SUPPORT OF PETITION TO
REVIVE UNAVOIDABLY ABANDONED APPLICATION**

State of Minnesota)
)
) ss.
County of Ramsey)

I, Sandra R. Dickman, of Woodbury, Minnesota, being duly sworn, depose and say as follows:

1. ~My present position is U.S. Docket and Information Coordinator in the Office of Intellectual Property Counsel (OIPC), 3M Innovative Properties Company, and I have been in the position for 5½ years.

2. As U.S. Docket and Information Coordinator, part of my job is to enter docket action due dates on the 3M Innovative Properties Company computerized docket system for papers due in the U.S. Patent and Trademark Office.

3. The current docketing procedures for incoming mail are as follows:
a) All US mail is opened by the mail clerk, stamped by the mail clerk with the date received, and forwarded to docketing personnel.

- b) Mail from the US Patent and Trademark Office is reviewed by docketing personnel to identify what type of document it is and the appropriate procedure for handling that type of document.
- c) Mail from the US Patent and Trademark Office is looked up and entered into the office database using the file identification number which is the docket number.
- d) The appropriate docket due dates and the assigned attorney are entered onto the database creating a master docket with the date and the Action required.
- e) Docketing personnel then writes any docket dates and the initials of the attorney assigned to the corresponding application onto the document and adds their initials to indicate which person handled the document. All documents are assigned an attorney.
- f) The master docket is then made into separate individual dockets for each attorney.
- g) The attorney dockets, including all correspondence from the US Patent and Trademark Office requiring action, is then distributed into the appropriate attorney mailslot in the mail room by the docketing personnel.
- h) Upon completing an action, a copy of the completed action is sent to docketing personnel indicating that the docket item was completed.
- i) The docketed item is then stamped, initialed, and returned to the attorney assigned to the application.
- j) A computer printout of each attorney docket is printed every 2 weeks by the attorney/support staff team. The docket is generated by the computer based on an item having a "due date" and an "action required".

4. According to my records, no Notice to File Missing Parts was ever received in our file 54567US013 (corresponding to U.S. Serial No. 09/856,416). Therefore, this docket item never was listed on the master docket and Attorney's docket.

Attached are copies of the U.S. master docket, sorted by docket number and due date of the action items, for all docketable U.S. mail items received and docketed from June 20, 2001 to July 14, 2001. Also attached are all docket items entered into the master docket for our file 54567US013 (corresponding to U.S. Serial No. 09/856,416), whenever received.

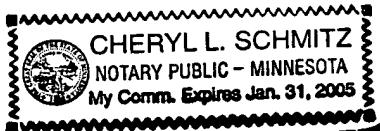

5. I was trained by the previous US Docket and Information Coordinator daily for approximately 1 month before I independently handled this position 5½ years.

Further Affiant sayeth not.
